

Netflix Website Analysis for ECC006 Homework

a) What is the URL of the site?

The URL of the website is <https://www.netflix.com/browse>. This is the main browsing page of Netflix, where users can explore a wide variety of video content available on the platform.

b) What is the purpose of the site?

Netflix is an online streaming service designed to provide users with on-demand access to a vast library of movies, TV shows, documentaries, and original productions. Its primary purpose is to entertain subscribers by delivering high-quality video content accessible anytime and anywhere through internet-connected devices. The platform also aims to personalize viewing experiences through recommendations and user profiles.

c) Who is the intended audience?

The intended audience for Netflix includes a broad range of users worldwide, spanning all age groups and demographics. It targets individuals and families who enjoy watching visual entertainment online, including casual viewers, movie enthusiasts, and fans of serialized TV content. Netflix also caters to international audiences by providing diverse content and subtitles in multiple languages.

d) Do you think that the site reaches its intended audience? Why or why not?

Yes, Netflix successfully reaches its intended audience. Its global popularity and extensive subscriber base demonstrate this effectively. The platform's user-friendly interface and availability across multiple devices such as smartphones, tablets, smart TVs, and computers ensure easy access. Moreover, Netflix's content library includes various genres and languages, appealing to different tastes and cultural backgrounds. The personalized recommendation system further enhances user engagement by suggesting content tailored to individual preferences.

e) Is the site useful to you? Why or why not?

From a personal perspective, Netflix is very useful because it offers flexible viewing options without the need for physical media. The ability to stream content anytime and pause or resume viewing is convenient. Additionally, the platform frequently updates its library, providing fresh content regularly. For me, the curated recommendations and user profiles allow an efficient way to discover new shows and movies that match my interests.

f) Does this site appeal to you? Why or why not? Consider the use of color, images, multimedia, organization, and ease of navigation.

Yes, Netflix is visually appealing and easy to use. The site employs a dark color scheme that reduces eye strain during prolonged viewing. High-quality images and thumbnails for each show and movie provide visual interest and help users quickly identify content. The multimedia integration, including trailers and previews, enriches the browsing experience. The site is well-organized with clear categories and a simple navigation bar, enabling users to find desired content efficiently.

g) Would you encourage others to visit this site? Why or why not?

I would definitely encourage others to visit Netflix. It is a comprehensive entertainment platform that offers a wide variety of content suitable for diverse interests. The original productions, such as Netflix-exclusive series and movies, add unique value to the service. Its global reach and continuous content updates make it an attractive option for anyone looking for flexible and quality entertainment.

h) How could this site be improved?

While Netflix is highly functional, there is room for improvement. Offering a free trial period or limited free content for new users could help attract more subscribers. Additionally, enhancing the search functionality with more advanced filters (such as by mood, actor, or theme) would make it easier for users to find specific content. Another potential improvement is expanding social features, such as watch parties or integrated user reviews, to increase community engagement.
